## LEADERSHIP GOAL The challenge is to always improve, to always get better

### a. Goal

*Begin with the end in mind. What specifically do you want to achieve? What difference will it make to you and your students? What do you want to change? How does this link to the leadership dimensions outlined in our Leadership Qualities Framework?*

Comments:

---

### b. Goal

*Imagine you are successful. How will you know you have been successful? What specifically would be happening when you are successful?*

Comments:

---

### a. Reality

*What is working already? What have you tried that hasn't worked?*

Comments:

---

### b. Reality

*What might get in the way of you achieving this goal? How will you overcome any barriers?*

Comments:

### Options

*What are your options for achieving this goal? What else could you do? What approaches do others take in similar circumstances?*

Comments:

### Win Commitment

*By...  
I am...  
So that...*

*What are your first steps?*

*How will you monitor your progress, evaluate impact and identify area for further development?*

Comments:

## Criteria Appendix
